

Dear Parents and carers

Please find below the codes, that the children will need to add credits on to their online accounts. If there are any additional groups you feel may need adding or, if you visit an attraction you would like us to add please get in touch so we can generate a code. If you prefer not to use the online system, you can still hand in your child's passport and we will be happy to stamp them and add their credits to their accounts.
