## Sports premium funding statement and Action Plan

### What is Sports Premium?

Sports Premium Funding is jointly provided by the Department for Education and Health, Culture, Media and Sport. The funding is expected to be used to provide new and substantial primary school sports provision.

### Purpose of the funding

Schools must append the sports funding to improve the quality and breadth of the provision for PE and school sports activities. The sports funding is designed to enrich children's experience in sport whilst developing healthy active lifestyles; raising levels of attainment and enabling pupils to reach the levels of performance they are capable of. Funding can be used in a range of ways, for example, including additional sport clubs, equipment to support PE and hiring specialist P.E teachers/qualified sport coaches.

**It is expected that schools will see an improvement against the following 5 key indicators:**

1. The engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport
