 - Governor open morning

Safety and Wellbeing

Our Yr6 Junior Safety Officers have been busy in the last week, talking to classes about how to keep our school environment safe, such as, making sure coats remain on pegs. They have also designed posters which are placed around the school as reminders.

A Message from Mrs Williams

Year 1 have kicked off their new topic in the most exciting way this week: we dressed up as pirates for a fun-filled immersion day. We designed treasure maps, pirate flags and wrote some messages to put in a bottle just like real pirates. We even had the opportunity to dig for treasure which turned out to be some yummy chocolate coins - shiver me timbers!

Yesterday we launched Children's University in Year 3 and 4. This is where we celebrate enrichment activities outside of the school curriculum. Children will all receive a passport where they can gain stamps for various activities. The children can aim for Bronze, Silver and Gold and to celebrate they will be involved in a graduation, ceremony with the full attire and photographer! Please see the links below for further information or speak to Mrs Farmer or Mrs McConnell
